

Fonte: Medeiros et al. (2021)

Coordenação Técnica Nacional, Regional e Local, including names of technical staff and their roles in the project.

Ação Levantamentos Geológicos e Integração Geológica Regional, describing the project's objectives and methodology.

BASE CARTOGRÁFICA: Information regarding the digital cartographic base used for the map, including scale and projection.

BASE GEOLOGICA: Description of the geological base, including field data collection and interpretation of geophysical data.

A carta geológica de Folha São Miguel dos Campos é suportada por banco de dados geológico e de recursos minerais, disponibilizados em versão GIS.

Créditos de Autoria: Acknowledgments to the authors and technical support staff involved in the project.

Citação Bibliográfica: Bibliographic reference for the map and related publications.

AVISO LEGAL: Legal notice regarding the use and reproduction of the map and its data.

PERFIS GEOLÓGICOS: Geological cross-sections A, B, C, and D showing subsurface geological structures and stratigraphic relationships.

RELACIONES TECTONO-ESTRATIGRAFICAS DEPOSITOS CENOZOICOS: Stratigraphic correlation chart for Cenozoic deposits, including Quaternary, Neogene, and Paleogene units.

COBERTURAS MESOZOICAS: Stratigraphic correlation chart for Mesozoic cover, including Cretaceous units like Formação Macaó, Formação Coqueiro Seco, etc.

PROVINCIA BORBOREMA: Stratigraphic correlation chart for the Borborema Province, covering Proterozoic and Paleoproterozoic units.

UNIDADES LITOESTRATIGRAFICAS CENOZOICO (C2): Lithostratigraphic units for the Cenozoic, including Paleogene, Neogene, and Quaternary groups.

MEZOZOICO (M2) CRETACEO (K): Lithostratigraphic units for the Mesozoic Cretaceous, including Grupo Coruripe and Grupo Maculíre.

NEOPROTEROZOICO (NP): Lithostratigraphic units for the Neoproterozoic, including Sute Intrusiva Itaporanga, Grupo Maculíre, and Complexo Belém do São Francisco.

PALEOPROTEROZOICO (PP): Lithostratigraphic units for the Paleoproterozoic, including Complexo Arapiraca and Complexo Nicolau - Campo Grande.

Convenções Geológicas: Legend for geological symbols, including contact, faults, and structural lineaments.

Convenções Cartográficas: Legend for cartographic symbols, including cities, localities, and roads.

CARTA GEOLOGICA FOLHA SAO MIGUEL DOS CAMPOS ESCALA 1:100.000: Title block containing map title, scale, projection, and contact information.
